COLUSA COUNTY GUIDELINES FOR DRIVE-IN CHURCH SERVICES
Pursuant to COVID19 PANDEMIC

Pursuant to the Governor's Order, vehicles and radio transmitters are considered 'technology,' and may use the "Drive-In Service" concept to hold church services at this time.

In order to conduct drive-in church services, the following guidelines must be implemented:

-
- Churches will ask congregants to stay in their vehicles at all times, except to visit the restroom (if the church opens their restroom)
 - Churches will ask congregants to wear face coverings and make them available if they need to leave their vehicle, while on church premises.
 - All vehicles must keep windows rolled up.
 - All services are applying 6ft social distance guidelines to vehicle distances, in keeping with other drive-in venue rules.
 - All service leaders, ushers and volunteers will practice social distance guidelines.
 - Maintaining 6ft distance between each person.
 - No physical contact with fellow participants
 - All services will keep groups on any central stage area, to between 7-10 people, while most are between 1-5 people.
 - Most services will not have restrooms available. Those few that do, will only allow a 'single stall' restroom approach, except an adult with a child.
 - Church will ask Congregants to follow these rules, and may ask to leave those who do not.

Colusa County's critical infrastructure, including our local healthcare system, would be crippled by a local COVID-19 outbreak. It is important that we work together to ensure this does not happen. All of these precautions are in place for your safety and the safety of other community members. Please follow these guidelines so you can continue to enjoy your worship times.

**Please contact the following person with any questions or concerns about the Plan:
