NEWS BRIEF: Colusa County Reports Surge in COVID-19 Related Hospitalizations.

In addition to the recent uptick in local positive COVID-19 (Coronavirus) cases, Colusa County is also experiencing a surge in COVID-19 related hospitalizations. Currently, nine Colusa County residents are hospitalized for COVID-19, a significant increase from prior weeks, and another indicator that community transmission is at an all-time high.

It is important to be mindful of the rate at which the virus is spreading in the community, and to be prepared for additional hospitalizations following the holiday break. Gathering remains discouraged, the Colusa County Department of Health & Human Services (DHHS) implores residents to join in public health efforts to reduce our strain on the local healthcare system and regional ICU capacity.

Colusa County would again ask that we remain diligent in ensuring compliance to the face covering Order, continue maintaining 6-ft physical distancing, continue hand washing and proper hygiene, and remain home if sick, or exposed to COVID-19.

Colusa County's COVID-19 Portal can be accessed here:
<https://www.countyofcolusa.org/771/COVID19>.
