

CCAPCD CEQA Screening Worksheet
California Environmental Quality Act (CEQA) Applicability

The CCAPCD is required by state law, the California Environmental Quality Act (CEQA), to review discretionary permit project applications for potential air quality and other environmental impacts. This form is a screening tool to assist the CCAPCD in clarifying whether or not the project has the potential to generate significant adverse environmental impacts that might require preparation of a CEQA document [CEQA Guidelines § 15060(a)]. The CEQA Screening Worksheet is available at <https://www.countyofcolusa.org/840/Permitting>. Need assistance completing this form, contact District staff at (530) 458-0590.

Section A - Facility Information

1. Facility Name (Business Name of Operator to Appear on the Permit)?	2. CCAPD Permit Number:
3. Project Description:	

Section B - Review For Exemption From Further CEQA Action

Check "Yes" or "No" as applicable. If "Yes" is checked for any question in Section B, skip Section C and proceed to page 2 and complete Section D - Signatures.

	Yes	No	Is this application for:
1.			A request for a change of operator only (without equipment or process change modifications)?
2.			A functionally identical permit unit replacement with no increase in equipment unit rating or emissions?
3.			A Title V permit renewal without equipment or process change modifications?
4.			A Title V administrative permit revision?
5.			The conversion of an existing permit into an initial Title V permit?

Section C - Review of Impacts Which May Trigger Further CEQA Review

	Yes	No	
1.			Is this project specifically evaluated in a previously certified or adopted CEQA document or exempted from CEQA by another entity (e.g. city or agency)? If "Yes" is checked, please provide documentation.
2.			Will the project increase the QUANTITY of hazardous materials stored aboveground onsite or transported by mobile vehicle to or from the site by greater than or equal to the amounts associated with each compound listed on CEQA, Table 1 - Regulated Substances List and threshold Quantities for Accidental Release Prevention? (https://www.countyofcolusa.org/1027/California-Environmental-Quality-Act-CEQ) If "Yes" is checked, attach a separate sheet to identify each air toxic and corresponding quantity to be emitted.
3.			Will the project require any demolition, excavation, and/or grading construction activities that encompass an area exceeding 20,000 square feet?
4.			Will the project utilize a boiler, engine, or other combustion equipment that uses fuel (e.g., gasoline, diesel, natural gas, liquified petroleum gas (LPG), or landfill gas)? If "Yes" is checked, then the applicant will need to calculate the amount of GHGs from fuel use on the EPA Greenhouse Gas (GHG) online calculator: https://www.epa.gov/energy/greenhouse-gas-equivalencies-calculator , and attaching the printout or by conducting hand calculations and providing the documentation.
5.			Will the project utilize other types of equipment not addressed in Question 4 that require the use of, or will generate, any chemicals listed on CEQA, Table 2 - Greenhouse Gases (https://www.countyofcolusa.org/1027/California-Environmental-Quality-Act-CEQ) If "Yes" is checked, attach a separate sheet to identify each equipment unit, the chemical name(s), and the quantity of each chemical identified.
6.			Will the project include the open outdoor storage of dry bulk solid materials that could generate dust? If "Yes" is checked, include a plot plan with the application package.
7.			Will the project result in or make worse noticeable off-site odors from activities that may not be subject to CCAPCD permit requirements? For example, landfills, materials recovery/recycling facilities (MRF), and compost material or other types of greenwaste (e.g., lawn clippings, tree trimmings, etc.) have the potential to generate odor complaints subject to CCAPCD Rule 200 - Nuisance.
8.			Does this project require any other local permitting agency discretionary or ministerial permits (e.g. building, zoning, hazardous materials)? If "Yes" is checked, Please provide verification of permit requirements from the local permitting agency.
9.			Will the project result in temporary or permanent noise or vibration in excess of what is allowed by the applicable local noise ordinance?

Section C - Review of Impacts Which May Trigger Further CEQA Review (continued)

	Yes	No	
10			Will this project meet current zoning performance standards established for the County of Colusa? Colusa County Code Chapter 44 Zoning Code, Article 44-2: Zoning Classifications, Allowed Uses, and Development Standards
11			Will the project have a substantial adverse effect on a scenic vista, cause substantial damage to scenic resources or historic buildings within a state scenic highway, or substantially degrade the existing visual character or quality of public views of the site and its surroundings?
12			Will the project have exterior lighting that is not shielded or directed downward to prevent off-site glare?

Section D - SIGNATURES

I HEREBY CERTIFY THAT ALL INFORMATION CONTAINED HEREIN AND INFORMATION SUBMITTED WITH THIS APPLICATION IS TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE. I UNDERSTAND THAT THIS FORM IS A SCREENING TOOL AND THAT THE CCAPCD RESERVES THE RIGHT TO CONSIDER OTHER PERTINENT INFORMATION IN DETERMINING CEQA APPLICABILITY.
